# President's Message

Jeff Slagle  
President

Greetings to you all, and I hope everyone is getting ready for a great Thanksgiving holiday.

In the past few weeks there was at least 5 events that NAR members participated. Some of the events included: The Bob Jones Band Car Show, The Huntsville Veterans Day Parade, The Athens Veterans Day Parade, The Horsepower Therapy Show (Campus 805) and The Elite Car Club Car Show (Mastin Lake Road).

I, again, would like to address how thankful I am for your continued support, attendance, and overcoming challenges to support the events.

Although not every event was listed which NAR participated, as you can see, there are still numerous activities for anyone to get out and enjoy the day and fellowship.

Next, it is hard to believe that Thanksgiving is so close. I would like to tell you that Thanksgiving is probably my most favorite holiday. Thanksgiving is not like other holidays, in that it isn't all about gifts, fireworks, or games. Thanksgiving is about being with family, giving thanks, celebrating blessings, and being grateful for what is already good.

During the Thanksgiving holiday, I would like to challenge each of you for just one thing... My challenge to you is to take some time to really think about everyone that you are blessed to have in your life; and how rich your life is because of those folks.

I am looking forward to seeing everyone at our monthly meeting, and if not, I hope you and your family have a blessed and joyful Thanksgiving holiday.

Jeff

## HISTORY OF THE NORTH ALABAMA REGION

The North Alabama Region dates its origin from the 'HUNTSVILLE ANTIQUE AUTOMOBILE CLUB' which was organized in December 1961. In 1962 the advantages of affiliation with a national club was recognized and a petition for charter was submitted to the Antique Automobile Club of America. The charter was granted on October 12, 1962 and officially presented by Edgar Rohr as his first official act as national President on February 25, 1963. The North Alabama Region thus became the first antique automobile organization in the state of Alabama to become nationally affiliated.

The Region started with 17 members and within a few short years, expanded to over 100 members who consequently reorganized into more localized chapters in Decatur (Alabama), Florence (Alabama) and Cowan (Tennessee). These chapters subsequently received their own charters as the 'TENNESSEE VALLEY REGION', 'MUSCLE SHOALS REGION' and 'TIMS FORD REGION'. The North Alabama Region is proud to have been an instrumental part of the growth of the Antique Automobile Club of America as the nucleus of these clubs.

He's variously known as *Spoke Folks Man*, or *Jalopy Man*, or (yawn) the *NAR Logo*. He has graced the cover or back page of our newsletter for upwards of 30 years, as well as club apparel, posters and other correspondence. But did you ever wonder where he came from? It might surprise you to know that he is based on a real person and a real car. I have been able to trace part of his history, then and now, with almost nothing in between.

The following two pictures are from 1973, and show NAR charter member George D. Case, at the ripe young age of 49. That's the body of a 1928 Ford Model A roadster (trunk version, not rumble seat) he's holding. The second photo shows the cowl attached, but still some rust waiting to be repaired. Presumably the back of that 1930 Model A DeLuxe Phaeton peeking out of the shop is the same one as in the first photo. Hopefully the front wheels were chocked so it wouldn't roll over that drop-off! By the way, the tag on that Phaeton, #724, was issued to George on October 30, 1967! That was just a year after the Alabama Antique Vehicle tag program got its start.

We know that George lived a long and active life with antique cars and car people, but what of that body shell? He never really did much more with it.

Let's skip ahead about 30 years, and we see the same body, rust damage repaired, surrounded by lots of activity.

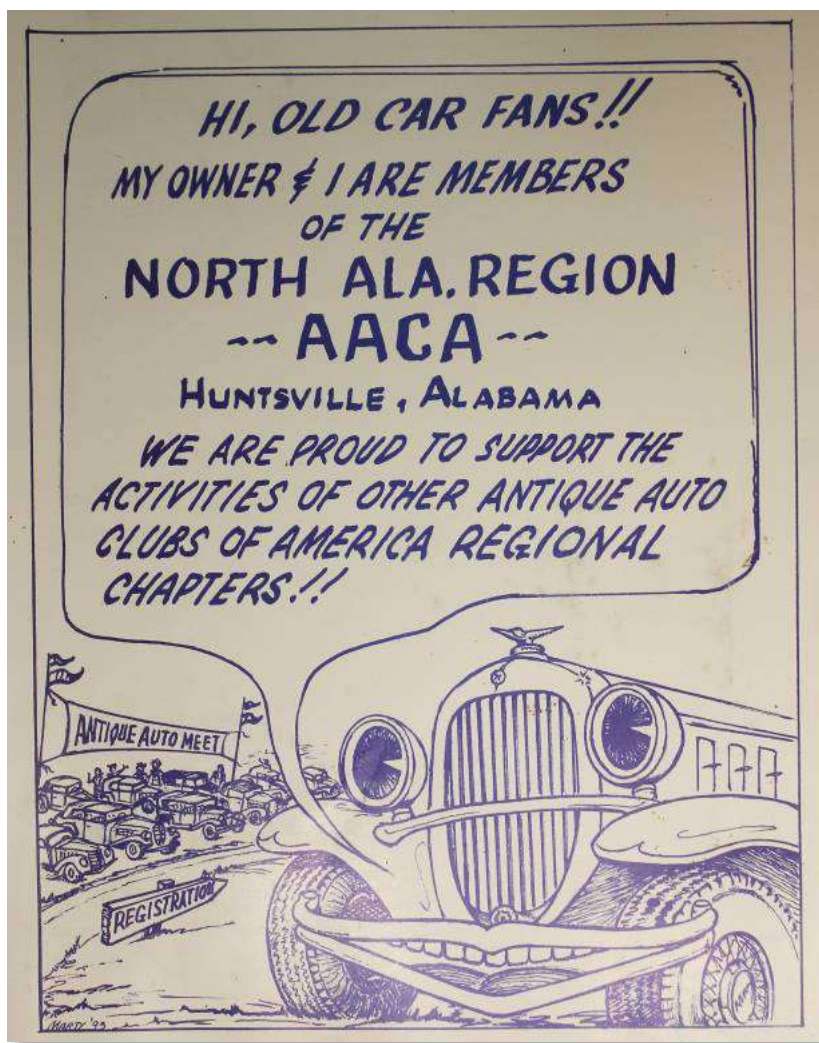

Skipping ahead a little farther (to just three weeks ago) we see how it has fared. It's now a street rod in progress, or perhaps a bit of a rat rod. Sometime before his passing, George sold the body to Mr. Eric Harmes of Giles County, Tennessee. Ed Hanish delivered the body to Eric, who immediately set to work on it, with the results you see here. The sheet-metal panels are straight as an arrow. That's a 1957 DeSoto Hemi up front. Eric was a bit reticent about posing for a picture with the car, hopefully you'll get to meet him in person at our Anniversary celebration.

What about the graphic itself? I don't have any objective proof, but all the evidence points to the artist as being William David "Dave" Marty, another long-time and active NAR member who passed away in 2009. Dave had a long career as a graphic artist, and frequently lent his talents for show graphics and the like. His last creation for NAR was this poster, created by Dave in response to discussions at a monthly meeting about needing something for NAR members to display with their cars to show their club affiliation.

Sally Barnett said that she and Ron found the logo on "old" club correspondence when they started publishing Spoke Folks in 1983, liked it, and made it a featured part of their work, so we don't really know when it was created, the evidence suggests somewhere between 1973 and 1983. I have seen many, many other car-club and newsletter logos, and I think ours is among the snappiest and most original of any of them!

Here's to you, George and Dave, I am proud to have known you both.
